**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a senior adult, living on a fixed income, it is important to me to have internet access at a competitive price. I use the internet for news, shopping, access to part-time job communications, and access to a number of critical service providers (banking, insurance, social security, vehicle licensing, for example). If competition was limited, resulting in increased pricing, I would be unable to afford access to these critical internet functions.

I urge you not to allow control of the internet be limited to a few providers to increase profits at the expense of millions of seniors on fixed incomes.

Francis Nixon
